

## West Melton's Y2 Home Learning Menu

Our topic this half term is **Muck, Mess and Mixtures**. Below is a range of homework activities for you to complete throughout this half term.

- You can complete them in any order
- Bring back one activity each week ☺

Make a poster persuading people to buy a Magic Porridge Pot. How could you make it sound amazing? How much would it cost?

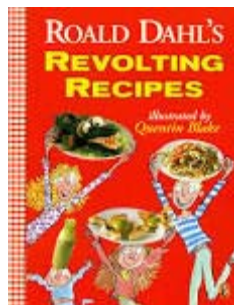

Design your own Pizza. What toppings could you put on it? You could design a 'normal' pizza and then a silly one, putting weird toppings on it.

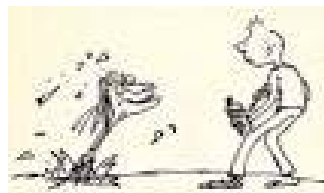

Find some different foods and see if you can find out where they come from. Could you find the places on a map? Make a list of the foods and where they are from.

Can you write your own revolting recipe? You could use a proper recipe for ideas and then change the ingredients!

Write a description of when George gave Grandma the medicine he made (George's Marvellous Medicine). Remember to use adjectives and adverbs. You could even make a model of it!

Make a list of some materials you can change by heating or cooling, or by adding water. How many change back to what they were before?

Please don't forget your weekly spellings, times tables 2x, 5x and 10x and reading! (Please try to read each night)
