

## West Melton's Home Learning Menu- Year One, Spring A

Our topic this half term is 'Where do the Raindrops go?' Below is a range of homework activities for you to complete throughout this half term.

- You can complete in any order
- Try to bring back one activity every 2 weeks.
- There will be weekly spellings and reading in addition to this. ☺

### Phonics fun!

Try playing with  
Words- how many can

You make using the digraphs ay, er, ee, igh, oo, ou ?

**DT-** Take some pictures of you exploring outside in different weathers! Go splashing in puddles, dance in the rain, taste a snowflake or run in the sun.

**Have fun but make sure you share it by taking a picture.**

**Geography-** Create an island that you would like to go and visit. What would the weather be like? What clothes would you need to pack and how would you get there?

**Science:** Be an investigator...

Can you keep a weather diary for a week? I have put one in a bag for you. Have fun waking up and drawing a picture or writing a sentence about what the weather is like today.

**Yoga-** show your family some of our yoga moves. Help them to join in and have fun by relaxing.

**Maths-** practice your rainbow bonds- Create a rainbow poster to help you remember them.
