

**Foundation Stage Spring 2 Parents Narrative**

***Within Knowledge and understanding...*** We will discuss the different areas children might find water and what it can be used for.

We will discuss water safety. We will make posters to help us keep us safe around water including the bath, swimming pools, rivers and the sea.

## Land Ahoy!

***As artists and designers we will...*** be very creative! We will create sea creatures to decorate our classroom and displays. We will make stain glass windows and create a under the sea scene. We will be designing our own boats using different materials and link this to our science lessons on sinking and floating. Who will make the best boat?

***As readers we will...*** be focusing on phase 2 and 3 phonics. We will be continuing the children's love of the Mr Men series of books as well as looking at different texts for our English learning.

***As scientists we will...*** investigate, research and learn about the types of animals that live in the sea, rivers and ponds. We will discuss animals and their features. We will also look at what objects might sink and float.

***In R.E we will...*** read the story of Noah and his ark . We will discuss the animals who went onto the Ark. We will be looking at christening and why the service is taken place.

***As mathematicians we will...*** be using our new maths mastery skills to continue with our learning. We will investigate numbers to 20 within problem solving activities and give reasons for our answers. We will be looking at shapes and their properties.

***As writers we will...*** be writing labels, lists and captions for the texts that we are reading. We will be using our independent writing skills in all our learning areas. We will create a treasure map, write a pirate diary entry and begin to write our own poems.

***We will celebrate our learning by...*** displaying our learning within the classroom for all our parents to see.

***As responsible citizens we will...*** learn about the right to have water

***As enterprising learners, we will...*** be reflective learners. We will look at our work and think what we have done well and how could we improve next time using our purple pens.
