

Foundation Stage Summer Term 2 Parents Narrative

	<p>As writers we will... be writing labels, lists and captions for the texts that we are reading. We will be learning actions in our 'Pie Corbett' talk for writing lessons, which will help us to learn and use some fabulous words in our own writing. We will be practicing our handwriting to ensure that our writing is beautifully presented. We will be using our independent writing skills in all our learning areas. Linking to our Topic learning, we will write information booklets using the facts and vocabulary we have learnt about mini-beasts.</p>
<h1>All Creatures Great and Small</h1>	<p>As readers we will... be using RWINc strategies to teach Phonics in their ability groups. Please refer to the learning logs to support your child at home with this. We will be using our phonics skills to segment and blend simple CVC words such as 'mat' learning individual letter sounds and special friends such as 'sh' and 'ch'. The books that the children are reading in RWINc will be matched to the books we are sending home for them to read with you. We will be enjoying the story 'Monkey Puzzle' by Julia Donaldson as a class text, which our writing will be inspired from.</p>
<p>As historians we will... look at different fossils found over the years of mini-beasts. We will learn how fossils are formed and how historians have used these to learn about the past.</p>	<p>As artists and designers we will... be very creative using a range of different materials to paint and design. Our topic art focus will be butterfly paintings, looking at patterns and symmetry.</p>
<p>As scientists we will... investigate, research and learn about farm animals, their habitats, diet and how their bodies are adapted to their environments.</p>	<p>As mathematicians we will... be learning about place value with a huge focus on counting. We will be using our skills and knowledge to solve number problems, using a range of apparatus and practical activities to consolidate our learning.</p>
<p>In Religious Education we will... begin to learn different bible stories, such as Noah's ark. We will learn about the messages they bring.</p>	<p>We will celebrate our learning by... sharing our achievements on dojo and in own learning journey books to feel proud of the progress we have made.</p>
<p>As geographers we will... look at different mini-beasts, learning about their habitats and where they might live within the world. We will look at maps and locate places on maps too.</p>	<p>As enterprising learners, we will... be reflective learners. We will look at our work and think what we have done well and how could we improve next time.</p>
<p>As responsible citizens we will... learn about how to care for our environment.</p>
